PREFACE.

IN the compilation of this Volume of the Services of the Officers of The Queen's Regiment, some confusion has arisen owing to the different dates of commissions and appointments given by the various authorities consulted; Colonel Davis therefore determined to give the authority for each date, where possible, with a Table of Reference for abbreviations. This was done in the interest of anyone compiling a similar list of Services, who would thus be enabled to reconcile differences of dates of the exchanges of Officers into other Regiments.

It is to be regretted that so many blanks occur, but it is to be hoped that some of these may be filled up by the research of some future historian of the Regiment.

The Trustees beg to thank Captain Hardy for again assisting them, by obtaining the photograph of the first Official List of the Officers of the Regiment; they also beg to thank Colonel Mackie for his kind assistance. To Mr. A. T. Watson also our thanks are due for the consultation of the various publications in the Record Office.
